

Let GSI Show You How We Are Different

Company Overview

Graham Shelter is comprised of four group homes. Our adolescent home for ages 6-14 and our three 24-hour supervised independent living programs. The program serves males from ages 13-18. Graham Shelter encourages individuals to set goals, find jobs, save money, and handle responsibilities. Education is stressed as well. We have a dedicated staff that is very supportive of our clients. We do all that we can to make each client successful.

Travel Opportunities

Graham Shelter provides learning outside of the classroom as well. Each year Graham Shelter provides a trip for the clients to go on. These trips prove to be educational as well as enjoyable. Past trips have included Atlanta, Myrtle Beach, Las Vegas, Orlando, Tampa, Memphis, and Chicago. Our clients have had the privilege of exploring Hoover Dam, Martin Luther King, Jr. Historic District, Sears Tower, Ripley's Shark Aquarium, Walt Disney World, Sea World, Coca-Cola Headquarters, NASA, CNN Studios, National Civil Rights Museum, and Graceland (the home of legendary singer Elvis Presley) to name a few.

Education

Graham Shelter holds a high regard for education. Graham Shelter has had various clients graduate from high school. Some clients have gone on to attend college. One client received a four year academic scholarship. Clients have shown interest in the Armed Forces after high school.

Extracurricular Activities

Extracurricular activities play a big role in developing our clients as well. Many of our clients have participated for their school's basketball, football, baseball and track teams. One of our clients scored a touchdown in the 2006 2A State Championship game. Clients not interested in athletic programs have done volunteer work in the community, participated in internships, and have explored possible career options after high school.

What Makes Us Different?

- 🏠 Our Staff - Experienced and dedicated, with diversified backgrounds
- 🏠 We INVEST in people
- 🏠 We provide the framework that builds better lives one child at a time
- 🏠 We work with the "hard to place kids"; kids that have failed at other placements and we turn their lives around
- 🏠 We are not a baby-sitting service; residents stay active with little idle time
- 🏠 Our staff makes our program
