Community Support

GSI is very supportive and deeply rooted in community programs. We have developed strong relationships with the local colleges and receive great assistance from college students who help with homework and afterschool activities.

Community support is also seen throughout the holidays by the many donations we receive. Local churches have also been gracious to invite us to dinner for Thanksgiving.

Extra Curricular Activities

- **Job Corps of America** (education completion and certified trades)
- Parkview Hospital Internships
- Armed Forces recruitment opportunities
- United States Air Force base (military career options)
